SCIENCE

Patented with **C-Lift Peptide Complex™**. Formulated with advanced peptides shown to support collagen replenishment and strengthen the skin's barrier. This powerful complex helps smooth the skin's surface, visibly reduce fine lines and textural imperfections, and restore a healthier, plumper, more radiant complexion.

TECHNOLOGY

Completely automated full-body skincare in minutes. Just step inside, press a button, and follow simple voice guidance while a warm, gentle mist sprays evenly over your body.

RESULTS

Helps Restore Collagen For Healthier, Firmer Skin.

WELLFIT CARE

WellFit skincare treatments are non-irritating, non-sensitizing and made with natural ingredients that are always cruelty-free, paraben-free, 100% vegan, and non-comedogenic.
