### FEATURES AND BENEFITS

- Instant Illuminating Glow
- Fragrance and DHA Free
- Suitable for All Skin Types

Expertly crafted with Tri-Hydration: A blend of Hyaluronic Acid, Glycerin and Sodium PCA for deep nourishment and moisturization.

**FOR BEST RESULTS** apply directly to skin or mix with your favorite face make-up or body moisturizer for a more subtle glow. Made for daily use, these luminous cosmetic drops are scent-free, fragrance-free and contain no active tanning ingredients and help to create a bronzed dewy shimmer that complements all skin tones.

### HYALURONIC ACID

The key to hydrated, smooth skin! Hyaluronic Acid is naturally produced by our skin cell to hold moisture and keep skin hydrated.

As a person ages, the levels naturally decrease. Adding Hyaluronic Acid to your skincare routine helps promote soft, smooth skin, elasticity and helps reduce the appearance of fine lines and wrinkles.

### PRO TIP

Wake-Up Tan Dew Drops are the perfect skin enhancer for freshly tanned skin. Add these drops following your spray tan for the ultimate bronze glow.
