

COLOR. ARTISTRY. EXCELLENCE.

VENETIAN™ RAPID SELF-TANNING MOUSSE

Unrivaled and unmatched: Our Best-Selling Norvell Venetian Rapid Self-Tanning Mousse is designed with cool violet-brown undertones to give an iconic Mediterranean tan – Fast! Easy to use anytime, anywhere for a flawless tan or to extend the life of a spray tan. Gives your clients the ability to do a warm water rinse only – in 1 hour for light color, 2 hours for a medium tan or 3 hours for the darkest bronze. Only the finest ingredients are purposefully selected and paired with our innovative technology to achieve excellence in both skincare and color. The most advanced bronzers are carefully blended with the highest quality of naturally derived DHA, potent antioxidants and rich moisturizers for a radiant complexion – because healthy skin tans best!

BOLD COLOR RESULTS

Cosmetic bronzers provide for immediate color, while DHA will deepen the tan over the next 24 hours. For a darker tan, gradually build up layers of color through multiple applications. Our Venetian Collection is expertly crafted with VIO-7, a unique blend of anti-orange bronzer pigments designed to counter any orange undertones for the most natural-looking tan.

NATURAL COLOR COMPLEX™

Our proprietary infusion of skin-loving ingredients.

- **PREVENTS & PROTECTS** – Antioxidant-rich Vitamin E and Tomato fruit extract help reduce wrinkles and guard against premature signs of aging.
- **TIGHTENS & FIRMS** – Vitamin C helps stimulate collagen to boost skin elasticity, tone and firmness.
- **SMOOTHS & HYDRATES** – Aloe Vera Barbandensis Leaf Juice locks in moisture and helps reduce fading for a longer-lasting radiant tan.

SAY GOODBYE TO UNPLEASANT ODORS

Specially formulated with Ordenone®, a powerful odor-neutralizing ingredient, it effectively encapsulates and virtually eliminates odors commonly associated with self-tanning. It is infused with the delightful fragrance of Coconut Paradise (Nut Allergy-Free)

BEST-SELLING VENETIAN VIOLET-BROWN COLOR MOUSSE NOW IN A RAPID. VIO-7 ANTI-ORANGE COLOR TECHNOLOGY

PRE-TAN CARE

Prepare the skin with our Glow System Exfoliator or Exmitt to gently exfoliate and balance pH levels prior to self-tanner application.

APPLICATION

Apply product smoothly and evenly over freshly cleansed, lightly exfoliated skin with the Norvell Applicator Mitt to minimize over-absorption. The instant bronzers serve as a guide to help indicate where the product has been applied. For desired color results, warm water rinse only in 1 hour for light color, 2 hours for a medium tan or 3 hours for the darkest bronze.

POST-TAN CARE

Seal in flawless color, moisturize and mitigate bronzer transfer with our HYDROFIRM™ Setting Spray. Next, preserve the bold color and glow of your tan with our gentle Shower Cleanser and ultra-hydrating Body Butter.

AVAILABLE SIZES:

4 fl. oz | 404206

HOW TO USE

For best results, apply product over freshly cleansed, lightly exfoliated skin with the Norvell Applicator Mitt or wash hands immediately with soap and water after application. Use sparingly around knuckles, knees, feet, ankles and elbows. When applying to face, blend evenly into hairline.

Based on desired color results and skin tone, you may rinse with warm water only (no soap or scrubbing, gently pat dry) in 1 hour for a light tan, 2 hours for a medium tan, and 3 hours for the darkest tan. While the temporary cosmetic bronzers wash away during the initial warm-water rinse, your tan will continue to develop up to 24 hours following application. Let dry before dressing.

PRODUCT INGREDIENTS: Aqua (Water/Eau), Propanediol, Dihydroxyacetone, PEG-6 Caprylic/Capric Glycerides, PEG-7 Glyceryl Cocoate, Solanum Lycopersicum (Tomato) Fruit Extract, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Aloe Barbadensis Leaf Juice, Tocopheryl Acetate (Vit.
