SCIENCE

The WellFit Base Solution is the delivery system that allows each treatment to perform as intended. It prepares the skin, supports absorption, and ensures even, consistent distribution across the body.

TECHNOLOGY

Completely automated full-body skincare in minutes. Just step inside, press a button, and follow simple voice guidance while a warm, gentle mist sprays evenly over your body.

WELLFIT CARE

WellFit skincare treatments are non-irritating, non-sensitizing and made with natural ingredients that are always cruelty-free, paraben-free, 100% vegan, and non-comedogenic.
