

STEP 1: CLEANSER

Gently cleanses while lightly exfoliating, removing buildup and prepping skin for better absorption of toner and serum. Jojoba beads provide gentle, non-abrasive exfoliation suitable for daily face and body use, and humectants and emollients keep skin from feeling stripped.

Key Ingredients:

Glycolic Acid

Aloe

Green Tea

Calendula

Ginseng

Supports:

Texture

Pore Clarity

Tone

Hydration

Built to work with your WellFit sessions.

Your at home routine doesn't replace in-booth WellFit treatments; it complements them. Sessions deliver full-body, treatment-level results in minutes. The at home system keeps skin balanced, hydrated, and consistent between visits.

STEP 2: TONER

Also available in a toner mitt!

Cleansing alone doesn't rebalance skin. The toner restores pH, hydrates, and supports the skin barrier across the large areas usually neglected. It balances skin, helps control excess oil, and improves visible tone. Apply to face and body, morning and night. The alcohol-free witch hazel tones without stripping.

Key Ingredients:

Niacinamide

Rosewater

Botanical Extracts

Alcohol-Free Witch Hazel

Supports:

pH Balance

Barrier Support

Oil Control

Tone

STEP 3: SERUM

Locks in hydration, smooths texture, and supports the skin's protective barrier with fast-absorbing oils and antioxidants. Lightweight and fast-absorbing, it's designed for full-body use without greasy residue. Apply after toner; evening use supports overnight barrier repair.

Key Ingredients:

Jojoba Oil

Sunflower Oil

Vitamin E

Grapefruit Oil (for a bright, fresh scent)

Supports:

Hydration

Barrier Repair

Smoothness

Nourishment

Inspired by Clean Beauty

WellFit operates under an inspired-by-clean-beauty standard: streamlined formulas, intentional ingredients only, and full in-house control over how every product is made, right here in Macedonia, Ohio.

PARABEN FREE

Most skincare stops at the neck. Yours doesn't have to.

WellFit at home products are designed to cleanse, tone, and hydrate skin from head to toe, supporting the areas most routines overlook: legs, arms, chest, and beyond. Every product is formulated and tested for face and body, so you can finally treat all of your skin with one routine.

Three steps. Head to toe.

The system performs best when used as designed. Each step prepares your skin for the next.

1. CLEANSE

Gently cleanses and lightly exfoliates to remove buildup and prep skin.

2. TONE

Restores balance, hydrates, and supports the skin barrier.

3. SERUM

Locks in hydration and smooths texture, head to toe.

Use daily for best results.

INNOVÉ
BEAUTY & WELLNESS

ABOUT INNOVÉ

INNOVÉ Beauty & Wellness is a family of synergistic brands united by a shared commitment to innovation, wellness, and personal aesthetics - designed to inspire confidence and beauty for all ages, races, and body types.
