

Most skincare stops at the neck. Yours doesn't have to.

WellFit at home products are designed to cleanse, tone, and hydrate skin from head to toe, supporting the areas most routines overlook: legs, arms, chest, and beyond. Every product is formulated and tested for face and body, so you can finally treat all of your skin with one routine.

AT HOME PRODUCT KIT

A simple three-step system designed to cleanse, tone and hydrate skin from head to toe.

Three Steps. Head to Toe.

Designed to work together, each step prepares your skin for the next.

CLEANSE

Gently cleanses and lightly exfoliates to remove buildup and prep skin.

tone

Restores balance, hydrates, and supports the skin barrier.

SERUM

Locks in hydration and smooths texture, head to toe.

Use daily for best results.

STEP 1

CLEANSER

Gently cleanses while lightly exfoliating, removing buildup and prepping skin for better absorption of toner and serum. Jojoba beads provide gentle, non-abrasive exfoliation suitable for daily face and body use, and humectants and emollients keep skin from feeling stripped.

Key Ingredients:

Glycolic Acid

Ginseng

Calendula

Green Tea

Aloe

Supports:

Texture

Pore Clarity

Tone

Hydration

STEP 2

TONER

Cleansing alone doesn't rebalance skin. The toner restores pH, hydrates, and supports the skin barrier across the large areas usually neglected. It balances skin, helps control excess oil, and improves visible tone. Apply to face and body, morning and night. The alcohol-free witch hazel tones without stripping.

Key Ingredients:

Niacinamide

Rosewater

Botanical Extracts

Alcohol-Free Witch Hazel

Supports:

pH Balance

Tone

Oil Control

Barrier Support

STEP 3

SERUM

Locks in hydration, smooths texture, and supports the skin's protective barrier with fast-absorbing oils and antioxidants. Lightweight and fast-absorbing, it's designed for full-body use without greasy residue. Apply after toner; evening use supports overnight barrier repair.

Key Ingredients:

Jojoba Oil

Vitamin E

Sunflower Oil

Grapefruit Oil
