

TAN + RAPID SOLUTION

GIVES THE OPTION FOR A GRADUAL OR RAPID TAN

Delivers beautiful, natural-looking color while giving clients the flexibility to choose their ideal rinse time. When combined with Activate, skin feels hydrated, soft, and comfortable, with customizable bronzers, scents, and skincare treatments to personalize every session.

Clients have the flexibility to choose a gradual tan or a Rapid Tan with rinse times based on desired color.

Naturally derived Dihydroxyacetone (DHA) transforms the color of skin to a deep, natural bronze tan

Naturally derived Erythrulose helps to provide a longer-lasting, deeper tan

D-Odor 200 dramatically reduces the common spray tan odor

Tri-Hydration Technology deeply moisturizes skin and instantly improves skin appearance

Made with natural, cruelty free, paraben-free, 100% vegan, and non-comedogenic ingredients.

THE TECHNOLOGY

Mystic Tan + Rapid and Activate Solutions combine to create a natural, bronze glow with naturally derived, skin-loving ingredients. Clients can choose from a rapid tan or a gradual tan with 12 base tan levels that can be further customized with bronzers, scents, and skincare treatments.

THE RESULT

A natural, bronze tone

HOW TAN + RAPID WORKS

- Must be combined with Activate Solution
- Delivers both gradual and rapid tans from one Bag-in-Box—no separate Tan Solution needed
- To choose a gradual tan, select your desired tan level as usual from the touchscreen
- To choose a rapid tan, select Rapid Tan instead of a tan level from the touchscreen
- Rapid rinse times: 1 hour for light tans, 2 hours for medium tans, or 3 hours for dark tans
